## [Despatch Abstract.]

Malaria — South Kanara District Puttur and  
Karkal Taluks. — Scheme of anti-malarial measure  
continuance during 1950-51 — Sanctioned.

From

Dr. R. Subramaniam, M.P.H. (Harvard),  
Director of Public Health,  
Madras.

The Secretary to Government,  
Education and Public Health Dept.,  
Madras.

No. S.43-2 Mal.(2)/dated 20.2.1950..

.....

Sir,

13728  
Sub: - Malaria - S. Kanara Dist. - Puttur and Karkal  
Taluks - Scheme of antimalaria measures - Conti-  
nuance for one year from 24.3.1950 - Sanction of  
Govt. - Requested.

Ref: 1.G.O. Ms. No. 2019 P.H. dated 2.6.1949.

2.G.O. Ms. No. 3258 P.H. dated 13.9.1949.

The sanction accorded in the G.Os. cited above for the  
continuance of the scheme of antimalaria measures and of the  
staff therefor will expire on 23.3.1950.

During 1949, 108 villages in Puttur Taluk and 25 villages  
in Karkal Taluk were taken up for control measures and during  
the next year of operation viz. 1950, 25 more villages in  
Karkal taluk are proposed to be included.

DDT residual spraying of houses in the villages was the  
main control measures adopted in this scheme area. From January  
to June, 1949, three rounds of spraying were carried out  
benefitting on an average 26,674 structures distributed in  
133 villages. Investigations and recording of spleen rates  
etc. were carried out in 33 villages in Puttur taluk and  
22 villages in Karkal taluk. Besides the above measures,  
intensive distribution of antimalaria drugs to fever  
cases was also done.

The spleen rates taken during 1949 in the several villages  
in Puttur taluk show a marked decline, as compared to the  
figures in 1948. Due to the residual effect of DDT in the  
area, the man-hour catches for the vector species in the  
controlled villages were very low or nil in the sprayed villages,  
whereas the man-hour catches in the contrast villages was high.  
Out of 597 blood smears examined in 1949, 17 were positive  
for malaria parasites, giving a percentage of 3%, whereas the  
percentage of positive cases for malaria parasite during 1948  
was 8.3%. It is seen from the Hospital statistics that there  
is considerable reduction in the number of malaria cases to  
total number of cases treated in all the hospitals situated in  
the controlled areas after the commencement of DDT operations  
as shown below:-

| Year                            | 1947. | 1948. | 1949. |
|---------------------------------|-------|-------|-------|
| Malaria cases<br>total treated. | 49.3% | 46.9% | 35.3% |

There are still 25 villages in Karkal Taluk along the  
ghats which are highly malarious. To attend to the control

work in these 25 additional villages proposed to be taken up during the next period of operation, the employment of the following staff is necessary in addition to the existing staff.-

1. Health Inspector. 1
2. Field Assistants. 3
3. Peon. 1
4. Coolies. 15

I request that Government may be pleased to sanction the continuance of the scheme with the following staff for a period of one year from 24.3.1950.-

Existing staff. Additional- Total staff proposed for one year from 24.3.1950.

- |                                  |     |      |
|----------------------------------|-----|------|
| II Cl. Health Officer            | 1   | 1    |
| Entomological Asst.              | 1   | 1    |
| Lower Division Clerk (or Typist) | 1   | 1    |
| Health Inspectors                | 5   | 6    |
| Field Assts.                     | 18  | 21   |
| Laboratory Asst.                 | 1   | 1    |
| Peons.                           | 6   | 7    |
| Driver-cum-cleaner               | 1   | 1    |
| Coolies. (at market rates)       | 90* | 105* |

\* To be employed only as and when necessary.

All the above staff (except the coolies) may be permitted to continue to draw a special pay of 25% of their pay sanctioned in G.O.Ms.No. 2320 P.H. dated 8.7.1948.

Sanction may also be accorded to the incurring of the following expenditure per annum:-

1. Insecticides, Larvicides, Solvents, Emulsifiers, etc. Rs. 50,000. (Recurring)
2. Office expenses, Rent, maintenance and running charges of Motor Transport. 10,000 (Recurring)
3. T.A. to staff including P.T.A. 14,000 (Recurring)
4. Laboratory and control equipments etc. 2,000 (Non-recurring)
5. Motor Transport. 5,000 (Non-recurring)

NOTE: This provision represents the cost of body construction of the motor transport. Outlay Rs. 12,000/- sanctioned for purchase of a motor transport in G.O.Ms.No. 2019 P.H. dated 2.6.49, a Ford chassis has been purchased at a cost of Rs. 7,000/- and the chassis has been handed over to the Govt. Coach Building Factory, Chromepet, for body building etc. The balance of Rs. 5,000/- could not be utilised for body construction during 1949-50. Hence Rs. 5,000/- is provided for the purpose during 1950-51.

The President, Dist. Board, South Kanara, has been addressed to state whether the Dist. Board will be in a position to meet two-thirds of the cost of the scheme in 1950-51 and a copy of his reply containing the views of the Dist. Board will be forwarded to Govt. as soon as it is received.

~~The notes of the S.A. Deptt. at pages 3-4 and~~  
~~Malania. South Kanara District - Puttur Taluk and~~  
~~Director's notes from the Malania page 2 and may be~~  
~~Karkal Taluk. Scheme of anti-malarial measures~~  
~~proposed Continuation - Proposals.~~

In G.O. No. 2019 dated 2.6.49 the Govt. sanctioned the continuance of the scheme of anti-malarial measures for the Puttur Taluk (South Kanara Dist.) was continued for for a further period of one year from 24.3.49 with the following staff:-

One Second Class Health Officer.

One Entomological Assistant.

One Typist. *D. Clerk*

Five Health Inspectors.

Eighteen Field Assistants.

*Laboratory*  
One ~~Lab~~ Assistant.

Six Peons.

Ninety Coolies.

In G.O. No. 3258 P.N. d/12.9.49 sanction was also accorded to the employment of a driver for the motor vehicle sanctioned for the scheme. The sanction for the entire staff expires on 23.3.50.

The D.P.H., has submitted proposals for further continuance of the scheme beyond the date of expiry of the present sanction. He states that during 1950-51, 25 more additional villages in Karkal Taluk which are highly malarious are proposed to be included in the present scheme and that for attending mainly to control operations in the 25 additional villages the following additional staff is necessary.

One Health Inspector.

Three Field Assistants.

One Peon; and

Fifteen Coolies.

He has also proposed to incur in 1950-51 the following items of recurring and non-recurring expenditure on the entire scheme.

Recurring.

|                                     |        |
|-------------------------------------|--------|
| Insecticides, Larvicides etc.       | 50,000 |
| Office expenses.                    | 10,000 |
| T.A. including F.T.A. to the staff. | 14,000 |

Non-recurring.

Laboratory and Control equipment 2,000

Motor transport. 5,000

7,000

Ordinarily approved schemes of anti-malarial measures are to be carried out by the local ~~xxx~~ bodies with the help of a one-third grant from the Govt. As the South Kanara Dist. Board was not in a position to meet its share of the cost, the Govt. during the last two years executed the scheme at their own cost. The Dist. Board has provided a sum of Rs.20,000/- in its B.E. for 1950-51 towards the expenditure on Anti-malaria Scheme in Puttur and Karkal Taluks and it is found that it cannot contribute anything more. The total estimated cost of the scheme on account of the staff in 1950-51 will be roughly Rs.85,600 recurring (including the cost of the existing and proposed additional staff). It is proposed to accept the contribution of Rs.20,000/- made by the Dist. Board in its budget for 1950-51 towards the cost of the scheme. As the scheme after two years of its working has begun to yield good results and as the intention of Govt. is <sup>to</sup> extend malaria control operations gradually to the whole of the District in the interests of land development and public health, the proposal of the D.P.H. has been accepted by this Department as well as by the Finance Department. As the extra cost involved to Govt. on account of the employment of addl. staff works out to Rs.11,300/- per annum, the proposal should ordinarily go before the S.F.C. and the Cabinet for approval. As the present sanction for the scheme expires on 23.3.50 and as orders for the continuance of the scheme should issue urgently, the Fin. Deptt. ~~have~~ <sup>might</sup> advised that the short circuit procedure ~~may~~ be followed waiving a reference of the proposal to the S.F.C. and the Cabinet. ~~There~~ ~~Deptt. agree with Finance~~ Accordingly the short circuit procedure has been followed

P.T.O.

and orders <sup>will be</sup> issued.

this is for favour of information.

Finance (ETII)

In G.O. No. 2019 P.H. & 2.6.49, the

Govt. sanctioned the continuance of the anti-malarial measures for the Puttur Taluk (in South Kanara Dt.) for a further period of one year from 24-3-49 with the following staff:-

- One Second class Health Officer
- One Entomological Asst.
- One Typist
- Five Health Inspectors
- Eighteen Field Assts.
- One Laboratory Asst.
- Six Peons
- Ninety Cooks.

para 2 of order

The Govt. also sanctioned the incurring of necessary expenditure amounting to Rs. 82,500/- in connection with the above scheme during 1949-50. In

G.O. No. 3258 P.H. & 13.9.49, sanction was also accorded

to the employment of a driver for the motor vehicle sanctioned for the scheme. The sanction for the

entire staff expires on 23-3-50. The present

proposal in the file relates to the continuance of the above scheme (during 50-51) on an extended basis

covering about 25 odd villages in Karkal Taluk

The financial implications of the proposal will be as shown below.

| Laboratory and control equipment |  | Rs 2,000 |
| Motor Transport                  |  | Rs 5,000 |
| Total                            |  | Rs 7,000 |

Ordinarily ~~ordinarily~~ approved schemes of anti-malarial measures are to be carried out by the local bodies concerned with the help of one third grant from the Govt. As the South Kanara Dt. Board was not in a position to meet its share of the cost, the Govt. ~~have~~, during the last two years <sup>expected</sup> ~~carried out~~ the scheme at their own cost. As regards the financial position of the Dt. South Kanara Dt Board for meeting its share of the cost during 1950-51, L.A. deptt have stated that provision has been made in the B.E. of the Dt. Board for 1950-51 for an expenditure of Rs 20,000 on the anti-malarial scheme in Puttur and Karkal taluks, and that the Dt Board cannot contribute ~~any~~ anything more. So the net ~~to~~ cost to Govt. in carrying out this scheme during 1950-51 will come to Rs 65,300 i.e. recurring and Rs 7,000 i.e. non-recurring.

2/ The details of the control work carried out in Puttur and Karkal taluks are given in paras 3-4 at p 1 CF. In view of the results mentioned therein and in the circumstances explained by the Health deptt at K on p 2 above, finance may agree to the continuance of the scheme in question for a further period of one year from 24-3-50.

The addl staff proposed at 'A' on p 2 above

for extending the area of operation of the scheme seems reasonable and may be accepted. A 9/3/50

The other items of recurring and non-recurring expenditure are not susceptible of any scrutiny and may be accepted. A 9/3/50

3. As the extra cost involved in the proposal exceeds Rs. 20,000/- <sup>is very large</sup> ~~per annum~~, the proposal will have to be treated as on a 'new Service' and referred to the S.F.C. and the Cabinet before the issue of orders. ~~Steps~~. If Health deptt consider the scheme very urgent, they may be requested to adopt the short circuit procedure prescribed in Fin. B.G. no. 26978(A) B.G.-4 Ds 21.12.47. In both the cases, Health deptt will have to take steps for obtaining a supplementary grant from the Legislature in due course.

A That current of my advice please see below. A 9/3/50

Jhu EB staff  
9/3/50

m 31/50  
9/3/50 Final procedure. A' above. The recurring expend on insecticides, etc. is only slightly more than the expend saved for the existing scheme as will be seen from a comparison of position 'Z' on p. 11 cf. of 80. (X) and 'A' on p. 5 above.

The cost of addl. staff proposed works out to Rs. 11,300 per annum. As this is less than the limit of Rs. 20,000/- p.a., the proposal to continue the existing scheme with the staff & to sanction addl. staff need not be treated as a 'new service'. The proposal should, however, ordinarily be placed before the S.F.C. & the Cabinet. But as sanction for the ~~cont~~ continuance of the scheme is due to expire on 24<sup>th</sup> instant, Fin. may agree to the short-circuit procedure being followed, waiving reference to the S.F.C. & Cabinet.

Health

P.T.O.

10/3/50

2008

Fin. no 16509 247

The note of the L.A. Deptt. at pages 3-4 ante and Finance note from the middle of page 4 ante may be perused.

In G.O.No.2019 dated 2.6.49 the Govt. sanctioned the continuance of the scheme of anti-malarial measures for the Puttur Taluk (South Kanara Dist.) for a further period of one year from 24.3.49 with the following staff:-

- One Second Class Health Officer.
- One Entomological Assistant.
- One ~~Typist~~ <sup>Laboratory</sup> ~~Law~~, ~~Driver~~, clerk
- Five Health Inspectors.
- Eighteen Field Assistants.
- One ~~Lady~~ <sup>Laboratory</sup> Assistant.
- Six Peons.
- Ninety Coolies.

In G.O.No.3258 P.H. d/ 13.9.49 sanction was also accorded to the employment of a driver for the motor vehicle sanctioned for the scheme. The sanction for the entire staff expires on 23.3.50.

The D.P.H., has submitted proposals for further continuance of the scheme beyond the date of expiry of the present sanction. He states that during 1950-51, 25 more additional villages in Karkal Taluk which are highly malarious are proposed to be included in the present scheme and that for attending mainly to control operations in the 25 additional villages, the following additional staff is necessary.

- One Health Inspector.
- Three Field Assistants.
- One Peon; and
- Fifteen Coolies.

He has also proposed to incur in 1950-51 the following items of recurring and non-recurring expenditure on the entire scheme ~~was~~ <sup>is</sup> ~~to~~ <sup>for</sup> the staff:-

Recurring.

|                                     |          |
|-------------------------------------|----------|
| Insecticides, Larvicides etc.       | 50,000 / |
| Office expenses.                    | 10,000 / |
| T.A. including F.T.A. to the staff. | 14,000   |

Non-recurring.

Laboratory and Control equipments 2,000

Motor transport. 5,000

7,000

4/ Ordinarily approved schemes of anti-malarial measures are to be carried out by the local ~~xxx~~ bodies with the help of a one-third grant from the Govt. As the South Kanara Dist. Board was not in a position to meet its share of the cost, the Govt. during the last two years executed the scheme at their own cost. The South Kanara Dist. Board has provided a sum of Rs.20,000/- in its B.E. for 1950-51 towards the expenditure on Anti-malaria Scheme in Puttur and Karkal Taluks and it is found that it cannot contribute anything more. The total estimated cost of the scheme on account of the staff in 1950-51 will be roughly Rs.85,600 recurring (including the cost of the existing and proposed additional staff). It is proposed to accept the contribution of Rs.20,000/- made by the Dist. Board in its budget for 1950-51 towards the cost of the scheme. As the scheme after two years of its working has begun to yield good results and as the intention of Govt. is <sup>to</sup> extend malaria control operations gradually to the whole of the District in the interests of land development and public health, the proposal of the D.P.H. has been accepted by this Department as well as by the Finance Department.

As the extra cost involved to Govt. on account of the employment of addl. staff works out to Rs.11,600/- per annum, the proposal should ordinarily go before the S.F.C. and the Cabinet for approval. As the present sanction for the scheme expires on 23.3.50 and as orders for the continuance of the scheme should issue urgently, the Fin. Deptt. have advised that the short circuit procedure may be followed, waiving a reference of the proposal to the S.F.C. and the Cabinet. This Deptt. agree with Finance.
